PET OF THE MONTH

“KYA”

Hi friends! I’m Kya, but I usually go by “Ky-Ky” or “chicken nugget.” My parents say I’m special because I’m an orange long haired girl and not super common. I’m roughly 2 years old and was rescued from the Madison County Humane Society. I love to talk and absolutely LOVE cuddles and attention! Of course I do have my orange cat moments but my parents don’t mind my silliness. Most days you can find me in the living room windowsill or sun bathing by the back door. If you see me please stop to say hi, it makes me super happy! Just please don’t interrupt my nightly dinner at 9pm (on the dot) because if it’s any later than that, I’m crying for my mom or dad. We’re new residents but glad to finally be apart of this community ❤️
