PET OF THE MONTH

Meet Ruby and Allura, five-month-old former wildlings who have traded the great outdoors for the even greater indoors. Professional heating-blanket snugglers? Check. Expert gaming companions? Absolutely. Olympic-level hallway sprinters at 2 a.m.? You bet. Ruby and Allura have fully committed to the spoiled house cat life, and they are thriving.

IMPORTANT COMMUNITY REMINDERS:

TRASH COMPACTOR

All trash bags must be placed inside the compactor

The **emergency stop button** should only be used in the event of a true emergency

Pressing this button unnecessarily prevents the compactor from operating properly and contributes to the overflow issue.

PET WASTE

Recently, we have noticed an increase in pet waste being left in common areas. This not only impacts the appearance of our property but also creates unpleasant conditions for your neighbors and their pets. We kindly ask that all pet owners promptly pick up and properly dispose of pet waste in designated receptacles.
