*Franklin County
Fairgrounds*

PET OF THE MONTH

“SUNNY”

Sunny is a 1 and 1/2 year old Fox Red English Lab with tons of energy and love.

We're new to the neighborhood and you may have spotted him strolling around the neighborhood with a stuffed animal in his mouth. It's his comfort toy and he rarely leaves home without it!

Sunny has never met a human or a dog he didn't instantly want to be friends with, so don't be shy about saying hello! 🐶💕

Jerome Grand COMMUNITY ANNOUNCEMENTS

We want to remind everyone of the importance of properly disposing of trash in the community compactor. Please ensure that all trash is placed inside the compactor—not left on the ground, beside the unit, or partially thrown in.

Additionally, you must close the door and press the green button after placing your trash inside to activate the compactor. This step is essential to keeping the area clean, functional, and pest-free for all residents.

Failure to follow these steps creates unsanitary conditions, attracts pests, and places an extra burden on our maintenance team and groundskeepers. Continued misuse is a violation of our rules and regulations and fines will be assessed.

We appreciate your cooperation in helping maintain a clean and respectful environment for everyone.
